

Medium Term Planning

Unit:	Seasonal Changes
Year Groups:	EYFS, Year 1

EYFS			
Lesson	Knowledge	Vocabulary	
		Previously taught	New Vocabulary
1 Repeated termly as seasons change.	<p>I know the days of the week, current month and year.</p> <p>I know the weather changes so I can observe the weather and select appropriate symbols to describe it using my senses.</p> <p>I know there are four seasons so I can identify which season it is and explain why.</p> <p>I know there are four seasons called Autumn, Spring, Summer and Winter.</p> <p>I know that the weather changes and I can use my senses to describe what the weather is like.</p>		Seasons, Autumn, Spring, Summer, Winter, weather changes, weather.

Year 1			
Lesson	Knowledge	Vocabulary	
		Previously taught	New Vocabulary
1	I know that the weather forecast tells us what the weather will be like. I know the symbols for rain, snow, storm, thunder, lightning, cloudy weather . I know the weather can be warm or cold .	weather	Weather forecast, rain, snow, thunder, lightning, cloudy, warm, cold
2	I know there are four seasons . I know that the names of the four seasons are autumn, winter, spring and summer . I know that the weather starts to get warmer during spring and that leaves begin to grow on trees. I know that it is warmest in summer , the days are longest in summer. I know that in summer the trees are full of leaves and there are lots of flowers. I know that in autumn the weather begins to get colder. I know that in autumn the days begin to shorten and leaves fall from the trees. I know that in winter it can be cold enough for snow and that many trees have lost their leaves. I know that in winter the days are shortest and the nights are longest.	seasons, Autumn, Winter, Spring, Summer, weather	warmer
3	I know that as the Earth spins , parts of the Earth move from light to dark and it becomes night time. I know that as the Earth spins , parts of the Earth move from dark to light and it becomes day . I know that shadows are created when the sun shines.		shadows, Earth, spins, light, dark, night, day, sun
4	I know that rain is called precipitation . I know that we can measure precipitation using a rain gauge .	rain	precipitation, rain gauge

5	<p>I know that the direction of wind can be measured using a wind sock.</p> <p>I know that a thermometer measures the temperature.</p> <p>I know that rainfall can be measured using a rain gauge.</p> <p>I know that rain is also known as precipitation.</p> <p>I know that the weather includes the temperature outside, the wind direction and strength and the amount of rainfall.</p>	rain gauge, rain, precipitation, weather,	direction, wind, thermometer, temperature, rainfall,
6	<p>I know that a thermometer measures the temperature.</p> <p>I know that rainfall can be measured using a rain gauge.</p> <p>I know that rain is also known as precipitation.</p> <p>I know that the weather is warmer in summer and colder in winter.</p> <p>I know that the weather includes the temperature outside, the wind direction and strength and the amount of rainfall.</p>	thermometer, temperature, rainfall, rain gauge, rain, precipitation, weather, warmer, summer, winter, wind direction
